

## Internet Safety - Paul Hay

**I have worked in IT** for over 25 years, working for some of the world's leading companies including Microsoft and Oracle, I now work as an independent consultant using my commercial experience to help educational establishments get the most out of ICT and in particular, promote the safe use of the internet. I believe that ICT should be an enabler and not a barrier to learning.

I am chair of governors at Furze Platt Infant School in Maidenhead.

Trained to Ambassador level by CEOPs (Child Exploitation and Online Protection), I am actively involved with the teaching and training of Internet Safety. As a father of two teenage daughters I am well aware of benefits, and pitfalls, the internet can bring.

### Useful Links

During my presentation I mention various web links where you can go for more detailed information and help. They can also be found at my website. <http://www.pclstraining.com/links>
