

Year 1 Home Learning	w/c 08.02.2021
<p>Hi Everyone!</p> <p>Well done for your super work so far. You have all been working very hard over the past few weeks! This week we will be continuing with our theme of fairy tales. It is also book week at Alwyn so be sure to read the letter that was sent out on 3/2/21.</p> <p>You should try your best to complete the activities, but we understand that everyone's home circumstances are different at this current time. You will also be sent, via email, a PE overview for you to complete should you wish to. It is important to stay active and continue with your physical education whilst you are at home.</p> <p>Please continue to read at home, and remember that you have access to Reading Eggs, using your personal login in your yellow reading record. If you run out of books to read at home, you can find more (e-books) on the Oxford Owl website.</p> <p>In the planning, you will find a link to click each day to practise your phonics. Please make sure you join in with their videos. It would be a good idea to have a pen and paper ready to write some of the sounds too! Your grown-ups might like to look at the phonics overview for the Letters and Sound programme here: https://lettersandsounds.org.uk/for-home/overview</p> <p>Where possible, we would love to receive emails with pictures of your work, so we can give feedback and praise. Please send this each day, rather than in bulk at the end of the week.</p> <p>Zoom calls will continue to be at 9:30am and 2:45pm each weekday. Please make sure your child is following the video call rules. Please continue to contact your teacher with any questions about the home learning via their class email.</p> <p>1ap@alwyn.org.uk 1th@alwyn.org.uk 1km@alwyn.org.uk</p>

Please watch video 6 on Monday, followed by 7 on Tuesday, 8 on Wednesday, 9 on Thursday and 10 on Friday. Click the link below which will take you to the online maths classroom!</p> <p>Start by watching the video. You may need to pause the video several times throughout the lesson to collect resources and talk to your grown-up if you would like to. You will have an opportunity during each lesson to complete an activity and then you will have a quiz at the end.</p> <p>Addition and subtraction within 20 - Oak National Academy (thenational.academy)</p> <p>Most of the activities can be completed online, verbally or copied onto your own paper. You do not need to print the worksheets that are shown on the website. <u>If you would like some extra work, please access Purple Mash using your personal login. Type: 'number bonds' into the search bar to find the racing game.</u></p>
<p>Monday <u>English</u></p>	<p>This week in school we would have been celebrating book week. This is when we think about our favourite books and our joy and love for reading. Today is the first day of our 30 day reading challenge. Your teacher will talk more about this during your morning Zoom call, so be sure to attend. The idea is, for you to complete one challenge a day and then colour in the book of the challenge that you have completed. Your teacher has also set up a 'blog' on Purple Mash, so that you can talk to your class mates about your challenges! Your teacher will demonstrate how to use this on Zoom.</p> <p>Your task today is to start the 30 day reading challenge. You should choose a book to read from home or on Oxford Owl/ Reading Eggs websites, and complete one of the challenges. If you would like to, you can then write about the challenge that you have completed on your class blog.</p>
