

Hi Everyone!

This week, we will continue to use the online learning platform Purple Mash for some activities. Your teacher will demonstrate the activities during your Zoom calls. We will continue to set work without worksheets and printouts. Please complete all activities on your own paper. There is no need to print anything out.

You should try your best to complete the activities, but we understand that everyone's home circumstances are different at this current time. You will also be sent, via email, a PE overview for you to complete should you wish to. It is important to stay active and continue with your physical education whilst you are at home.

Please continue to read at home, and remember that you have access to Reading Eggs, using your personal login in your yellow reading record. If you run out of books to read at home, you can find more (e-books) on the Oxford Owl website.

In the planning, you will find a link to click each day to practise your phonics. Please make sure you join in with their videos. It would be a good idea to have a pen and paper ready to write some of the sounds too! Your grown-ups might like to look at the phonics overview for the Letters and Sound programme here: <https://lettersandsounds.org.uk/for-home/overview>

Where possible, we would love to receive emails with pictures of your work, so we can give feedback and praise. Please send this each day, rather than in bulk at the end of the week.

Zoom calls will continue to be at 9:30am and 2:45pm each weekday. Please make sure your child is following the video call rules.

Please continue to contact your teacher with any questions about the home learning via their class email.

**Maths Throughout the week.** This week, we will be focusing on the topic of addition and subtraction. **You should start by watching video 1 on Monday, followed by 2 on Tuesday, 3 on Wednesday, 4 on Thursday and 5 on Friday.**

Click the link below which will take you to the online maths classroom!

Start by watching the video. You may need to pause the video several times throughout the lesson to collect resources and talk to your grown-up if you would like to.

You will have an opportunity during each lesson to complete an activity and then you will have a quiz at the end.

[Addition and subtraction within 20 - Oak National Academy \(thenational.academy\)](https://www.thenational.academy)

Most of the activities can be completed online, verbally or copied onto your own paper. You do not need to print the worksheets that are shown on the website.

If you would like some extra work, please access Purple Mash using your personal login. Type: 'addition' or 'subtraction' into the search bar to complete some more activities. Please be aware that Year One children do not need to learn their times tables yet, unless they would like to.

<p>Monday <b>English</b></p>	<p>This term we have been looking at special stories called fairy tales. This week we will be moving on to a new fairy tale. It is about three animals who are trying to build their own homes, but a big bad wolf keeps trying to blow them down! Do you know what story this is?</p> <p>The Three Little Pigs.</p> <p>Your teacher will read this to you on your morning ZOOM call today. You can also find a copy of this story attached to your email.</p> <p>In the story, who is the villain (the bad character)? It is the wolf. Why is he bad? (Because he is trying to blow the pig's homes down). A few weeks ago, you created a 'Wanted' poster for the gingerbread man. Today you will be making one to help catch the big bad wolf! You should try to include a question. You should also try to use at least one conjunction (and, but, because, so).</p> <p>Challenge: Use commas in a list. Use at least three conjunctions.</p>
<p>Monday <b>Phonics</b></p>	<p><a href="#">Lesson 51 - Year 1 - YouTube</a> e_e even</p>
<p>Monday <b>Topic-</b></p>	<p><a href="#">Purple Mash- Make the three little pig's houses.</a></p> <p>Log on to your Purple Mash account and find the 'The Three Little Pigs' activity waiting in your '2Dos'. Your task is to use your ICT and art skills to draw the three houses from the story.</p> <p>Remember to submit your work, by clicking on 'Hand it in' so your teacher can give you feedback.</p>
<p>Tuesday <b>English</b></p>	<p><a href="#">Purple Mash-Story board</a></p> <p>Log on to your Purple Mash account and find the 'Storyboard - 3 frames' activity waiting in your '2Dos'. Your task is to draw three pictures from the story. You can do this by double clicking on the picture space. Then you can type a sentence under each picture. For example: The first pig made his house from straw.</p> <p>Remember to submit your work, by clicking on 'Hand it in' so your teacher can give you feedback.</p>
<p>Tuesday <b>Phonics</b></p>	<p><a href="#">Lesson 52 - Year 1 - YouTube</a> igh/ie i_e i</p>
<p>Tuesday <b>Topic- History</b></p>	<p>The Three Little Pigs story links to our topic of homes and houses. This is a history topic. Today you will be thinking about homes through the ages.</p> <p>Find the file called 'Homes through the ages' attached to your email. Look though the information about homes through the years.</p> <p>Your task is to draw your own timeline. You can pick 4 homes from the information that you have read and put them in order from oldest to newest. Where would your home go? This will help you with tomorrow's Purple Mash English activity.</p>
<p>Wednesday <b>English</b></p>	<p><a href="#">Purple Mash- Describing homes</a></p> <p>Log on to your Purple Mash account and find the 'Describing homes' activity waiting in your '2Dos'. Your task is to pick one of the pictures of a house and then write about it! You may like to choose one that is similar to your own home.</p> <p>Remember to submit your work, by clicking on 'Hand it in' so your teacher can give you feedback.</p>

Wednesday <b>Phonics</b>	<a href="#">Lesson 53 - Year 1 - YouTube</a> ai/ ay a a_e
Wednesday <b>Topic- PSHE</b>	Think about your ideal town. An ideal town is a town that you can make up yourself. For example, my ideal town would be full of green parks and beautiful lakes. It would have a chocolate factory and lots of shops. What would you have in yours? Now think about how you would like your town to be treated. Would you be happy if someone threw litter on the floor? Would you be happy if someone scribbled on the side of your buildings? Create a poster to explain the rules in your ideal town.
Thursday <b>English</b>	This week you have been looking at the story The Three Little Pigs. What did the pigs use to build their houses? Why did some of the houses blow down? Why were the materials not good enough to build a sturdy, strong house? Your task is to draw your ideal home and label it. What would you make it out of? You could be a bit silly with this. For example, a house made out of chocolate!  Challenge: Write why, or why not, your house would be a good place to live.
Thursday <b>Phonics</b>	<a href="#">Lesson 54 - Year 1 - YouTube</a> oa o o_e
Thursday <b>Topic- Science/ Art</b>	Time to get making! Can you build your own home. You could use junk modelling (show boxes, cereal boxes, toilet rolls, any recyclable materials.) Think about your morning activity in English today. Could you make the home you planned? If you do not have any recycling materials ready to use, you can use your Lego, Duplo, building toys.
Friday <b>English</b>	The Three Little Pigs comprehension.  Today you will be completing a comprehension. You have now done lots of these. Remember, this is where you read a piece of text and then answer questions about it. You will need to ask your adult to help you to choose which level to complete as there are three. You do not need to do all three of them, unless you would like to.  You can read the text on your screen and answer the questions by writing the answers onto your own piece of paper.
Friday <b>Phonics</b>	<a href="#">Lesson 55 - Year 1 - YouTube</a> Week review
Friday <b>Topic-Computing</b>	<a href="#">Purple Mash- Fun with fish</a>  Log on to your Purple Mash account and find the 'Fun with fish' activity waiting in your '2Dos'. Your task is to follow a set of instructions to make the fish move (this is an algorithm). This can be quite tricky to start with. You may need a grown up to help you a bit.  Remember to submit your work, by clicking on 'Hand it in' so your teacher can give you feedback.
