

ALWYN INFANT SCHOOL PE AND SPORT PREMIUM STATEMENT 2020-2021

What is the PE and Sports Premium?

The P.E. and Sports Premium is government funding jointly provided by the Departments for Education, Health and Culture, Media and Sport and is in addition to main school funding. It is ring-fenced and as such can only be spent on the provision of P.E. and sport in schools as it is designed to support improvements in the quality and depth of P.E. and school sport.

The government first provided this funding for the academic year 2013 – 2014 to improve provision of physical education and sport in primary schools. This academic year each school receives £16,000 plus an extra £10.00 per pupil.

It is for schools to decide how the P.E. and Sport funding is spent, since they are best placed to assess what additional provision should be made to enhance the provision for P.E. in school. Schools are held accountable for how they have used the additional funding. Ofsted now report on P.E. and sport provision and on how schools spend this additional funding.

We are required to keep parents/carers informed and publish plans for P.E. and Sport Premium funding expenditure. We are required to publish:

- how much funding we received
- a full breakdown of how we've spent the funding or will spend the funding
- the effect of the premium on pupils' P.E. and sport participation and attainment
- how we'll make sure these improvements are sustainable.

There are 5 key indicators that schools should expect to see improvement across:

1. the engagement of all pupils in regular physical activity – the Chief Medical Officer guidelines recommend that all children aged 5-18 engage in at least 30 minutes of physical activity in school every day
2. the profile of P.E. and sport is raised across the school as a tool for whole-school improvement
3. increased confidence, knowledge and skills of all staff in teaching P.E. and sport
4. broader experience of a range of sports and activities offered to all pupils
5. increased participation in competitive sport
